

JENKINS TO STAND
AN INVESTIGATION.CONGRESS DOES AS KNIGHTS
OF LABOR DEMAND.

Wisconsin Judge Will Be Called on to Give an Explanation of His Order Forbidding Northern Pacific Employees to Strike—President Cleveland and Party Return.

WASHINGTON, March 6.—The president and his party returned this afternoon.

WASHINGTON, March 6.—The house today after bitter opposition from Wisconsin members adopted the resolution providing for an investigation of Judge Jenkin's order, preventing Northern Pacific railroad employees from striking. Except for this the house has done very little this week. Breckinridge returned from the committee on foreign affairs, asked unanimous consent for the passage of the senate resolution for the appointment of a commission of five to represent this government at the international exposition, which opens at Antwerp May 5. He made a statement to the effect that the resolution carried no appropriation.

Mr. Hopkins (rep.) of Illinois tried to secure unanimous consent for the consideration of a bill to reclassify the railway mail service so as to increase the number of classes from five to seven and fixing the maximum salary to be paid in each instance.

Mr. Bynum (den.), of Indiana, demanded the regular order, and Mr. Richardson (dem.), of Tennessee, called up the privileged resolution for printing the eulogies on the late Representative Lilly of Pennsylvania. It was agreed to.

Delegate Josephs introduced a bill for the admission of New Mexico. Representative Cannon (rep.) of Illinois raised a point of no quorum, and the bill was withdrawn. The house then went into committee of the whole on the pension bill.

IN THE SENATE.

Bland Silver Seigniorage Bill Referred to Finance Committee.

WASHINGTON, March 6.—The morning hour of the senate yesterday was taken up with routine business. The Bland silver seigniorage bill was received from the house and referred to the committee on finance.

Senator Allen of Nebraska presented an amendment to the rules providing that it shall be the duty of a committee to which a bill, resolution or other measure has been referred to report it back within thirty days, and if the committee shall fail to report in that time the senator presenting it shall have the right to call for a report under certain restriction. The proposed amendment was referred to committee on rules.

Senator Stewart objected to the reference of the Bland seigniorage bill to the finance committee and asked that it lie on the table so that it might be called up at any time. After considerable discussion this was agreed to, with the understanding that it be laid before the senate to-day.

Mr. Stewart introduced an amendment to the Bland seigniorage bill providing for the free coinage of silver. The joint resolution of Senator Morgan of Alabama for the establishment of a tariff commission was offered by him as an amendment to the tariff bill and was referred to the committee on finance. Adjourned.

SUGAR THE STUMBLING BLOCK.

That Article Affording the Tariff-Makers Great Trouble.

WASHINGTON, March 6.—The Wilson tariff bill has been the subject of an earnest consultation among the senators. It has reached a certain stage of completeness, and yet may be thrown out of gear by a single article. That article is sugar, and it was generally understood that if a definite agreement could be reached on this it would then be possible to agree upon everything else and that the bill could be reported without delay. It is understood that by mutual concessions and frequent consultations the demands made by those democratic senators who opposed the bill in the form in which it was first presented have been met and tentatively agreed upon, but even these agreements are subject to the approval of the treasury department and the needs of the government in the matter of revenue.

Swelling the Urgency Deficiency Bill.

WASHINGTON, March 6.—The attorney-general has sent to the senate a request for an increase of the appropriation proposed in the urgency deficiency bill now before the senate sufficient to make the total net not less than \$400,000 to meet deficiencies already existing or about to occur in the United States courts in almost all the states of the Union.

White Remains in the Senate.

WASHINGTON, March 6.—The stuffy room of the supreme court was crowded beyond its capacity yesterday with people who expected to witness the installation of a new justice. There was much disappointment manifested when the justices filed into court but seven in number, Senator White failing to appear and Justice Jackson, who is in Florida for his health, being also absent.

Homes Wrecked by a Hurricane.

RUTLER, Mo., March 6.—A severe

storm passed over this region last night, doing considerable damage. The house of Jasper Smith was destroyed and he and his wife and two daughters were injured. A house belonging to George Norris was also wrecked, but no one was hurt. The storm was fiercest in a sparsely settled district or the casualties would have been much greater.

MAKES A STRONG PLEA.

Mr. Bottom Continues His Address in the Coughlin Trial.

CHICAGO, March 6.—An audience that packed every available inch of space in Judge Tuthill's court room listened to Assistant State's Attorney Bottom continue his closing speech for the state in the Coughlin trial yesterday. He was in good shape after his two days' rest. His voice was clear and strong and bid fair to hold till Wednesday noon, when he proposes to close.

Mr. Bottom took up and reviewed the evidence against O'Sullivan and Burke. Incidentally he paid his respects again to the doctors who had testified in the case and made the prediction that this marked the last appearance in the courts of this state of the "medical expert witness."

No one connected with the case seems to have an idea as to the identity of the man giving the name of F. R. Mentone, who died last night at Fort Wayne, Ind., and who, when told he could not live, refused to divulge his history, but talked a great deal about the Cronin case.

CALLED FOR JUNE 27.

Illinois Democratic State Convention Will Be Held in Springfield.

CHICAGO, March 6.—In a short and harmonious meeting of the democratic state central committee at the Palmer house yesterday it was decided that the convention should be held at Springfield on June 27. The small force of conservative democrats who were in favor of holding the convention late in July, so as to take advantage of the passage of the revised tariff law, readily succumbed to the argument of the early convention men and the date was speedily set.

The committee took action upon the matter of having a candidate nominated for United States senator by the state convention and placed itself upon record by the following resolution: "Resolved, That inasmuch as the propriety of nominating a candidate for United States senator by the state convention has been agitated throughout the state, it is suggested to county conventions to consider the expediency, or inexpediency, of such a course and instruct their delegates accordingly."

TO WRECK A TRAIN.

Southern Pacific "Passenger" Has a Narrow Escape Near Stafford, Tex.

HOUSTON, Tex., March 6.—A second attempt was made last night to wreck a Southern Pacific passenger train near Stafford. Rocks were placed on the track and a freight train ran into the pile, but nobody was hurt. The passenger train coming along later ran over and cut the head off a negro woman named Mary Jones. She had been paid a considerable sum of money an hour before. None being found on her person it is thought she was killed and placed on the track.

Gold Strike Runs \$8,000 to the Ton.

SANTA FE, N. M., March 6.—The latest strike at the Cochita gold district shows free gold running \$8,000 to the ton. The rush of prospectors continues, and a second stage line from here to the new camp has been opened. Col. T. S. Moore, formerly of Denver, has let contracts for a telephone line to connect Cerrillos and Cochita with Santa Fe, and for a sixty-foot ferryboat to run on the Rio Grande at the stage crossing.

President Has Poor Success Shooting.

NORFOLK, Va., March 6.—The president and party after gunning in Currituck Sound proceeded homewards, arrived at 2 o'clock yesterday afternoon at North Landing, the southern entrance to the Albemarle and Chesapeake canal, and arrived here at 6 p. m. The Violet resumed its trip to Washington at 9 p. m. and will arrive there about noon to-day. The party has had indifferent success.

Old Charts Were Incorrect.

NEW YORK, March 6.—Before the Kearsarge naval court of inquiry at Brooklyn navy yard yesterday Lieutenant-Commander Pillsbury testified that the new pilot chart of the Caribbean Sea and Gulf of Mexico, issued by the Hydrographic office last December, showed that the former charts were erroneous in many respects. The inquiry will be concluded to-day.

Methodists Have a Joint Service.

ST. LOUIS, Mo., March 6.—The two great bodies of Methodism met in a joint service at Union church yesterday. Forty or fifty ministers were present with their wives. The split in Methodism dates back to 1844. After song and prayer services addresses were made by many ministers from both sides.

Field Held in Jail.

NEW YORK, March 6.—The application which was made for the discharge of Edward M. Field from jail by Clara M. Field, his wife, has been denied by Justice Patterson of the Supreme court. The justice said that the sanity of Mr. Field is now established.

Krupp employs about 10,000 men at Essen in manufacturing his enormous guns.

JURY OF DEMOCRATS
IN THE ROSTER CASE.DEPUTIES BRING A PECULIAR
LOT INTO COURT.

As Finally Made Up the Tribunal Includes Seven Democrats, Three Republicans, One Prohibitionist and One Independent—Colonel C. L. Clark Registers from Janesville.

MADISON, March 6.—All that oratory is now being run through the phonographs a second time. At half past eleven this morning the new jury in the roster case was sworn in, and at two o'clock Attorney Olin began his opening arguments.

The jury is composed of seven democrats, three republicans, one prohibitionist and one independent. Somehow the democratic deputies seemed to have a larger acquaintance with democrats than republicans as by far the larger part of the venire were democrats. Perhaps the political nature of the case might have influenced them. Nineteen democrats, two prohibitionists and nine republicans composed the special venire that was brought into court for the attorneys to choose from.

Colonel C. L. Clark appears more at home as he sits in court this week. This may be explained by the fact that he now registers at the Park hotel as "from Janesville." The last of the colonels lightning changes has not been discussed in court but there is general conjecture as to whether he will use it once more as a means of keeping out of the witness box.

LINED WITH ARMED MEN.

West Virginia Strikers Prevented from Making Trouble by Militia.

CHARLESTON, W. Va., March 6.—There is no diminution of the excitement in the mining districts. A telegram has been received stating that the road from Eagle to Fayetteville was lined with armed men. This shows that there would have been trouble if the militia had not gone with the sheriff and his prisoners. Acting Mayor McNabb, who is charged with having impeded the sheriff in executing warrants, has telegraphed an offer to the governor of 100 good citizens for a posse. His offer was not accepted.

BALTIMORE, March 5.—A special to the News from Charleston, W. Va., says: Twenty loaded cars of the Chesapeake & Ohio road were burned by strikers at Paint Creek, ten miles below Eagle, yesterday. The cars were standing on a switch. A general outbreak is momentarily expected, as the strikers are becoming emboldened by their recent successes with the torch.

Col. Wyant, under guard of a full company of militia, was taken from Montgomery yesterday a prisoner, to be tried on the charge of shooting at the strikers. Military protection was made necessary from the fact that 800 to 1,000 armed strikers are scattered at points along the road between Montgomery and Fayetteville and swearing to lynch Wyant. The big gatling gun at the state's prison in Moundsville has been ordered shipped for use, if necessary, in quelling mine riots. It was brought down on the afternoon Ohio river train.

A conspiracy of a startling nature is being unearthed. A man was arrested on Morris Creek with two Winchester and a peculiar looking dynamite bomb in his possession. He says he will turn state's evidence and confess to a plot that is being hatched to blow up all the works along the river. He said also that he knew where a great deal of dynamite was being stored for this purpose.

Carver Brothers found a card on their store door at Edgewater warning them that their property was to be blown up and burned.

BIG FIRE AT DEADWOOD.

Best Portion of the City Destroyed—Loss Over \$150,000.

DEADWOOD, S. D., March 6.—Fire broke out here yesterday at 6 o'clock in Fashold's saloon and destroyed all that part of the city lying between the center of Main street and Chinatown. No wind was blowing at the time or the whole city would have been destroyed. As it is the best portion of the place is in ruins. The loss at rough estimate will reach over \$150,000. Demonts, Whalen & Graves, Starr & Wallock, Haines & Hein and Gib Stone & Co. are the heaviest sufferers. The fire is now under control. The firemen seemed to have no control of it from the fact that it originated in a frame structure built of rough pine and the headway it made was appalling. The insurance will not exceed \$35,000. One life was lost.

Railways at Swords' Points.

CHICAGO, March 6.—Chairman Caldwell of the Western Passenger association handed down a decision yesterday declaring that the association had no right to boycott the Southern Pacific as requested by the Atchison. The latter, it is said, will withdraw from the association.

For Better Roads in Iowa.

DES MOINES, Iowa, March 6.—Representative Young's bill for better roads will come up in the house this morning as a special order, having been favorably recommended by the committee. It makes a radical change in the road laws of the state.

COURT IN MONROE
OPENS TO-DAY.JUDGE BENNETT HAS A KID-
NAPING CASE TO TRY.

Six Liquor Prosecutions From Brodhead are Also to Come Up at this Term of Court—Sentiment in Favor of the Judge's Re-election is Very Strong.

MONROE, March 6.—Judge Bennett opened court for the March term this morning. The most sensational case which he found awaiting him was the kidnaping charge against Lucetta Morehouse and Helen Merchant. The last six cases are liquor cases from Brodhead. Thirty-three cases made up the calendar but many will not be tried and the term will not last over two weeks. The civil cases are not of great importance and will consume little time.

Green county has manifested a strong desire for Judge Bennett's re-election. He is highly commended here and his majority will be a handsome one if a full vote is polled. The only difficulty will be, as is usually the case in such campaigns, to get out the voters for a judicial election.

ANOTHER BREAK IN THE DAM.

More Damage by the Flood at Cedar Rapids—The Storm Elsewhere.

CEDAR RAPIDS, Iowa, March 6.—Another big section of the dam across the Cedar river at this place has gone out and there is now a break of 110 feet. The loss amounts to about \$10,000. The water company is preparing to extend its inlet pipe as soon as the water recedes, so that the water supply may not be cut short, as there is no probability of the dam being repaired until litigation which has existed several years has been adjudicated. No further damage is anticipated.

BURLINGTON, Iowa, March 6.—One of the worst rain storms of the season has been in progress since yesterday morning. The water fell in torrents all night. The frost is nearly all out of the ground and leaves are beginning to appear. The rains will put the ground in splendid condition for spring work.

CHIPPWA FALLS, Wis., March 6.—Loggers throughout northern Wisconsin are greatly discouraged on account of the sudden change in the weather. The thaw has left millions of logs on skids, and if a freeze-up follows they will suffer heavy losses.

CRANK AT THE WHITE HOUSE.

His Mission Was to Save the Executive Mansion from Populists.

WASHINGTON, March 6.—A middle-aged man of respectable appearance presented himself at the white house yesterday and notified the guards that he was Abraham Julius Kisler of Baltimore. He said he had come in obedience to a divine revelation to take charge of the building. He called attention to the populist movement to secure control of the other branches of the government and its ultimate success, and declared positively that he had been empowered to save the executive mansion and turn it over to the Jews for safety. He was not embarrassed when his credentials were demanded, but began issuing orders and acting in such a threatening way that he was arrested.

Corrigan Left About \$1,000,000.

KANSAS CITY, Mo., March 6.—The will of the late Thomas Corrigan was offered yesterday in probate. The bulk of the estate, estimated to be worth \$1,000,000, is left to Mr. Corrigan's widow and children. Bequests of \$25,000 each are made to Bernard and Patrick Corrigan, the brothers, and Catholic charitable institutions of Kansas City were also handsomely remembered.

Rival New Jersey Senates.

TRENTON, N. J., March 6.—The rival senatorial trouble is transferred to the Supreme court to-day on an order directed against the presidents of the rival senates, Maurice A. Rogers and Robert Adrian, to show cause why each of them should not be regarded as having usurped, intruded into and unlawfully executed the office of president of the senate of New Jersey.

Three Miners Killed in an Explosion.

ESCALON, Mexico, March 6.—A premature explosion occurred last evening in one of the mines at Sierra Mojada just as the last shift of the day was leaving. Three of the miners were killed and several injured. The authorities have arrested the superintendent of the mine upon the charge of being responsible for the accident.

Cleaned Out the Ticket Rack.

ROCKFORD, Ill., March 6.—Burglars got into the east side station of the Illinois Central railway last night and stole every ticket in the rack, in all amounting to about \$400. There was no money in the cash drawer. The police have no clue.

Expect a Battle Soon.

RIO JANEIRO, March 6.—Extensive signaling with search-lights last night indicates that many ships are lying outside the harbor. It is thought that the government fleet has at last arrived and that it will enter the harbor at an early hour. In that event an early battle between the opposing fleets is looked for.

BOMB BLEW UP A CHICAGO HOUSE

Disreputable Resort Removed by Dynamite Early This Morning

CHICAGO, March 6.—A bomb was exploded in a disreputable house at 152 Nineteenth street this morning. The front of the house was blown out. None of the occupants were injured. The police believe the bomb thrower intended to kill the inmates.

ALL THE MINERS WILL STRIKE

Endorse the Action of the National Board—Temporary Truce.

MASSILLON, Ohio, March 6.—The national executive board United Mineworkers of America has notified mine secretaries of the adoption by the board of the following:

"Resolved, That in our judgment the present time would be an inopportune one for action of such a character as would necessitate the cessation of work in any one or more competitive districts.

"Resolved, That we call upon mine-workers of each competitive district to prepare for and hold themselves ready to participate in a general strike for higher wages and improved conditions at as early date as the national convention in April may determine upon.

"Resolved, That for the purpose of making a general movement and insuring its success we call upon all miners now on strike to adjust matters in dispute as best they can and resume work so that all may be prepared to move together for higher wages."

President John McBride says: "The present time finds us with depressed trade and divided forces, and either one is sufficient to cause us to hesitate in calling men out on strike. To do so under such circumstances would be to court defeat in a cause that should be won when fought for. We favor a general movement, but are opposed to being forced into it prematurely by mineworkers."

Smith and Gravius, brick manufacturers, have reduced the wages of all their employees from 12½ to 10 cents per hour. In order to make up for this loss they give their men seven days' work per week instead of six. Section hands on the Cleveland, Lorain & Wheeling railroad have been cut from \$7.15 to 93 cents.

Proposed Demonstration of Unemployed.

TORONTO, Ont., March 6.—"We want all unemployed in the city to gather in the Queen's park at 2 o'clock," said Joseph Campbell, a prominent labor leader, yesterday. "A large delegation is to wait on Sir Oliver Mowat at the Parliament buildings. I think 6,000 men will be line." The premier is to be asked to take immediate steps to relieve the existing industrial depression.

New Works Start at Kokomo.

KOKOMO, Ind., March 6.—The Great Western pottery works and the Union fiber works, recent acquisitions, have begun operations. The former has a capacity of 400 men, the latter 100. Greentown secured a glass factory yesterday that will work 300 men. The Kokomo auger bit factory strikers have returned to work.

Strike in Lebanon, Pa. Iron Works.

LEBANON, Pa., March 6.—Seven hundred employees of the Pennsylvania bolt and nut works, Lebanon rolling mills, West Lebanon rolling mills, and the East Lebanon iron company refused to go to work owing to the reduction of from 15 to 20 per cent in wages.

Four Thousand Miners Resume Work.

BRIDGEPORT, Ohio, March 6.—Four thousand miners in Subdistrict No. 6 resumed work yesterday, leaving the settlement of wages of outside laborers to arbitration. Operators have agreed to meet the miners' committee to-morrow to arbitrate.

Strike at Hammond Ended.

HAMMOND, Ind., March 6.—After being out a week the East Chicago strikers decided to accept the reduction, and nearly all the men returned to work yesterday. The iron and steel mills will be run day and night to make up for lost time.

Labor Unions Name Candidates.

COLUMBUS, Ohio, March 6.—The trades and labor unions of the city met last night and nominated a city ticket. Resolutions were adopted pledging the nominees to support measures in the interest of the people and not in favor of the corporations and rich individuals. The convention was the largest ever held by the labor unions of this city. It is expected the ticket will poll not less than 5,000 votes at the spring election.

Longstreet Accused of Cowardice.

DALLAS, Texas, March 6.—Confederate veterans met here last night and passed resolutions upon the death of Gen. Early. Some of the speakers unmercifully scored Gen. Longstreet for his attack upon the dead, which they said he dared not do while he was living.

Bound to Drive Out the Nuns.

PITTSBURG, Pa., March 6.—No matter what action the central board of education takes at its meeting to-morrow night week the American Mechanics will go into court and ask for an injunction to restrain the Charity nuns from teaching in the Thirty-fourth ward school.

Fraudulent Banker Sentenced.

LAS CRUCES, N. M., March 6.—C. H. Dane, president of the Deming and Silver City National banks, has been found guilty of defrauding the depositors of these banks and sentenced

DEATH IN THE MINE
NORTH AND SOUTH.'T WAS A DAY OF FATALITIES
IN THE SHAFTS.

Caving of Rock in the Ophir Gold Workings Near Bruce, Ontario, Proves Fatal to Three Workmen—Scranton Coal Shaft Disaster—Dynamite Shatters a Building.

BRUCE MINES, Ont., March 6.—Three miners were killed in the Ophir gold mine this morning by the rock caving in on them.

CULLMAN, Ala., March 6.—Clabe Mitchell was killed and George Dinkler fatally injured by the explosion of dynamite in a Cullman warehouse during the night. The entire block was destroyed.

SCRANTON, Pa., March 6.—Four men were killed in the Richmond shaft this morning by the fall of rock. The mine is on fire.

ROSEBERY DEEP IN HIS WORK.

Proroguing of Parliament Brings Many Duties—Massacred Soldiers Buried.

LONDON, March 6.—Lord Rosebery in Mr. Gladstone's place, parliament prorogued, Mr. Labouchere and the radical groups sniffling and the new prime minister shuffling the cabinet cards in an endeavor to deal himself a strong hand—such is the situation now. Lord Rosebery spent the morning conferring with the cabinet ministers and, apparently based upon this conference, there is in circulation a report that Right Honorable John Morley will retain his position as chief secretary for Ireland.

The queen's speech in proroguing parliament was purely formal, only fifteen lines in length. The queen thanked the commons for the supplies granted and concluded with the remark that she anticipated lasting advantages from the laws enacted.

Mr. Gladstone was busy with his secretaries all the morning and received many callers in addition. Among those who conferred with him were Sir Henry Ponsonby, the Queen's private secretary, and Justin McCarthy, leader of the nationalist party.

He Buried the Dead Men.

CAPTOWN, March 6.—A trader named Dawson, who has arrived at Buluwayo from the Shangani river, says at that point, where the last stand was made by the Wilson party which was annihilated by the Matabeles, he found within a circle of fifteen yards the bones of thirty-three men. Dawson buried the remains in one grave.

Nine More Anarchists Gathered In.

PARIS, March 6.—The police have made nine more arrests of anarchists. Among those taken into custody was Francois, who, it was formerly claimed, was an accomplice of Ravachol in the explosion which shattered the Cafe Very.

Two Hundred Cases at Rio.

RIO DE JANEIRO, March 6.—The Italian consul at this port, Sig. C. Bertola, died yesterday of yellow fever. The spread of the plague continues. About two hundred people are suffering from the disease.

FORCING THE SILVER BILL.

Senators Inclined to Retire the Tariff Until Seigniorage Is Settled.

WASHINGTON, March 6.—There is talk among the silver senators of forcing the silver question to the front before the tariff bill is reported by a motion to proceed to the immediate consideration of the Bland seigniorage bill without reference to a committee.

Some of the extreme silver men, however, say that the tariff question is so largely bound up in the consideration of the treasury deficiency that the Bland bill, which will add \$50,000,000 to the government's resources, ought to be passed first in order to prepare the way for the reductions proposed in the tariff.

Elections in Iowa.

DES MOINES, Iowa, March 6.—Municipal elections were held in a number of cities throughout Iowa yesterday. The weather all over the state was extremely disagreeable, and in most places the vote was light. The republicans made gains in several cities that have been steadily republican and in some others gained slightly in councilmen. The largest gain was in Iowa City. In the places heard from up to midnight last night prohibition, or rather the question of modifying the present law, does not seem to have played any part. Several points are yet to be heard from, however.

Ex-Minister Phelps Still Ill.

NEW HAVEN, Conn., March 6.—The physicians attending Prof. Edward J. Phelps, ex-minister to Great Britain, say that the patient is not improving as rapidly as they had hoped and is still very weak. He is, however, able to partake of nourishment. Arrangements had been made for a southern trip as soon as he is able to stand the journey.

Platemill Burned.

DETROIT, March 6.—The platemill of the Eureka Iron and Steel company at Wyandotte, twelve miles south of Detroit, burned yesterday. The merchant mill was also partially destroyed. Loss, \$100,000. The works have been idle for some time, and as there was no fire or combustible material stored in the platemill the fire is believed to have been incendiary.

LA PRAIRIE LEAF IS NOT YET SOLD.

FARMERS ARE SHORT ABOUT \$40,000 IN CASH.

Last Year That Amount Had Been Paid Them Before This Time, But Now Not One Pound Has Been Sold—News of Towns in the County.

TIFFANY, March 6.—Not a pound of the tobacco crop of '93 in this section has been sold. Last year a great many thousand dollars in hard cash, probably over \$40,000 in the town of LaPrairie alone, went into the hands of the producers by April 1. The loss and financial distress yet to be realized from the "change," many of our farmers so earnestly desired and voted for is yet to be experienced. Competent parties are discussing the erection of a co-operative creamery at Tiffany. There is a charter and organization for such an association already in existence. The donation party at the M. E. Church for Rev. Mr. Maniton was considering the weather, well attended and Mr. Maniton received a generous sum for these hard times. Fred Day lost everything in the burning of his establishment, and the invitation given by his neighbors to "lend a hand" is being generously responded to.

MILTON BOY'S WOUND TRIFLING.

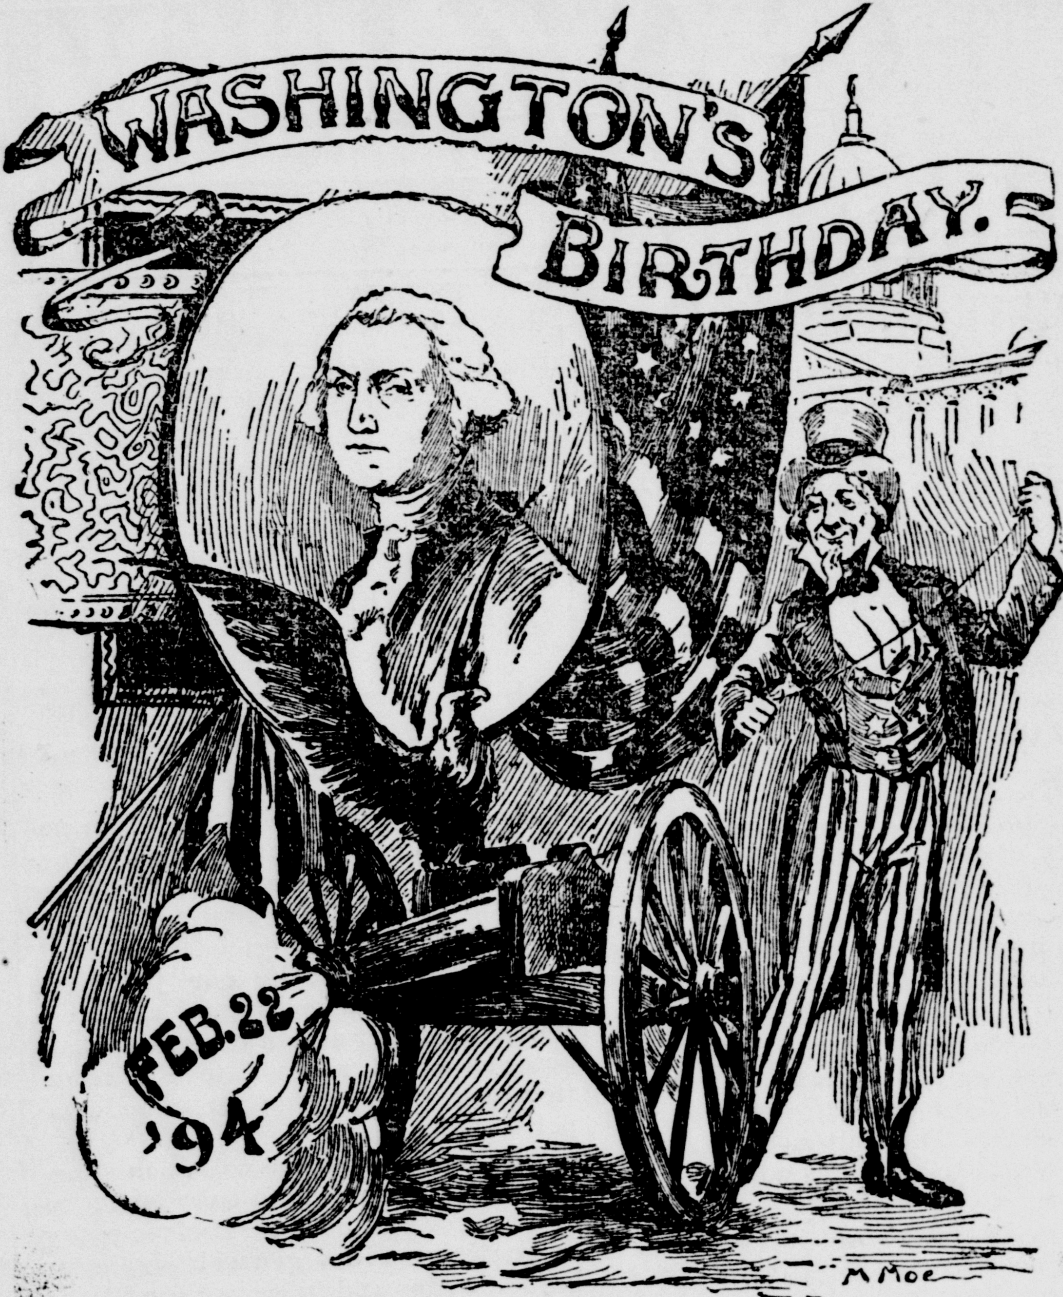

Richard Boland Only Got a Flesh Wound in The Shoulder.

MILTON, March 6.—The Boland brothers were fooling with a loaded revolver Friday morning when it was discharged and the ball struck Richard on the collar bone. It glanced off and fell into his boot, inflicting a flesh wound only. This was not a case of "didn't know it was loaded." The last lecture of the college course was delivered on Wednesday evening, by Rev. E. M. Dunn, before a well pleased audience. His subject was "Cheerfulness" and the sharp witticisms and anecdotes that enlivened the production kept the hearers in good humor and made them give the speaker that careful attention which secured a lodgment in the mind for the practical and useful lessons which the lecturer imparted. This course of lectures were the best that have ever been presented here, despite the fact that they cost nothing and were furnished by local talent. The thanks of all who availed themselves of the privilege of hearing them are due to the promoters of the course and to the gentlemen who so kindly gave their services. We trust that the effort to furnish our citizens literary treats of this kind will not stop with the course just finished but that next winter another series will be presented by these and other gentlemen of the village. W. S. Alexander and wife, of St. Paul, were visitors at the Alexander homestead last week. Charles N. Flagger, who is in the banking business at Lime Spring, Iowa, shook hands with acquaintances Wednesday. He came here to attend the funeral of his aunt, Mrs. Lord, of Chicago, who was buried at Milton Junction that day. President Whitford officiating. Those present at the Longfellow birthday entertainment and spelling contest at the M. E. church last Tuesday evening, had a very pleasant time. The recitations and music were all from Longfellow. Chan Richardson and Anna Jordan chose sides for the spelling match and there were twenty-four that took part. Will Brown took first prize, being the last one to go down, and Leona Davidson the second prize, for going down first. Since the prizes were awarded, it has developed that Mrs. J. E. Davidson should have been awarded the first prize. Superintendent Thorne was in the village Wednesday looking after school affairs. James Newkirk, the blacksmith, has moved to Lima where he has opened a shop. He was a good citizen and we are sorry to lose him. The elevator has added a feed mill to the outfit and is grinding feed. The Milton anti-horse thief society held their regular meeting in G. A. R. hall Thursday afternoon. Postmaster Morris took in the roster suit at Madison Thursday. Druggist Clark has sold five hundred vaccine points since the small pox scare began. Mrs. W. P. Clark, who has been quite ill from the effects of vaccination, is not able to be out yet. The last thing out in the social line was a "library" social, at the Seventh-Day Baptist church Thursday evening. See to it that your republican neighbors and friends vote the judicial ticket at the spring election. Clem. W. Crumb and wife returned from Chicago Friday. Mrs. Crumb is making a good recovery from her late illness. Arthur Lee, son of A. B. Lee, who has been spending some years on the Pacific coast and in the southwest, is visiting his father. Arthur was a small boy when he left Milton, but is now a six-footer and a fine appearing young man. The Governor will choose began sorting farmers' crops Monday, under the management of Foreman Jones. Oscar Crumb is on the sick list with congestion of the lungs, and at the time we write is a very sick man. The literary societies of the college held a very interesting joint session Saturday evening.

SIZE THEIR OWN LEAF IN PORTER.

Farmers No Longer Depend Upon City Packers—New Creamery in View.

PORTER, March 6.—Farmers in Porter took the sizing of their leaf into their own hands this year without depending on city packers. The results have been satisfactory and the work is now nearly finished. The move is

"First in War, First in Peace, and First in the Hearts of His Countrymen."

one that must be made sooner or later by growers throughout the state. Porter people are very much interested in the Eagle creamery, which is to be built near District No. 3. The officers were elected for the ensuing year and operations for the building will commence soon. Dan Kennedy's folks are rejoicing over a son at their home. Harry Hugget is on the sick list. Eph. Raymond's nephew who has been ill at his home of typhoid fever is convalescent. Mr. Matt Finegan, of Waukesha, was a welcome visitor at Daniel McCarthy's on Sunday. Mike McCarroll is in Iowa on business. The Flaherty sale called a large number of people last Tuesday. Nick Casey is about to reside in Janesville. John Flynn will have a sale on February 14. He is going to move to Janesville.

CRAZY MAN WITH A CARVER.

Evansville's Marshal Threatened With Bloody Death By "Tinker" Green.

EVANSVILLE, March 6.—"Tinker" Green, a half blind pensioner, living in a suburb of Evansville called the "patch," got on his war paint Sunday morning and succeeded in seriously alarming his family. They summoned Marshal Babcock who proceeded to interview Mr. Green. The latter announced his intention to carve Marshal Babcock, and produced the butcher knife with which to do the bloody deed. Babcock disarmed the warrior and marched him to the lock-up. A few hours' confinement cooled Mr. Green's ire, and he was allowed to return home. An order for his commitment to Mendota has been issued, but he may be allowed to remain at home on promise of future good behavior. Jack Warburton has been making the bristles on the "blind pigs" in Evansville, stand on end lately. E. S. Hoynes has traded his Evansville property for a Magnolia farm. Frank Van Patten has made a similar deal. Both trades were made by the firm of Dibble & Fisher. Ex Post Master Wilder and Ernest Ballard rejoice over the arrival of bouncing infants at their respective homes. John Wilson, a wealthy ex-farmer of Bellville, Wisconsin, has procured a residence here and will move in the near future.

NEW HIGH SCHOOL THE THEME

Public Discussion Arranged For Next Friday Evening at the B. M. A. Rooms.

Janesville tax payers will be given an opportunity to discuss the question of a new high school building. This was decided by the Business Men's Association last evening. The rain storm prevented a general attendance and only informal discussion was had. Superintendent Mayne of the High school told the association concerning the sanitary condition of the old building, and insisted that something should be done to preserve and protect the health of pupils. The discussion was postponed until Friday evening, and it was decided to invite in all interested parties and have a general discussion of the question.

DOLE HAS BELOIT RELATIVES.

President of the Hawaiian Islands Is a Cousin of John R. Adams.

Interest will be added to the Hawaiian case on the part of Rock county people when it is learned that President Dole, the plucky president of the little nation which has been so much before the public of late, is a cousin by marriage of John R. Adams of Beloit. Mr. Dole married Mr. Adams' own cousin, Anna Cate, of Castine, Minn. Mr. Adams knows President Dole to be a brilliant and good man, and believes he is right in the Hawaiian governmental question.

Rice Wolford & Sheridan.

It is not often that Janesville theatre goers have an opportunity of witnessing a really first class performance at popular prices, 10, 20 and 30 cents and the above company will no doubt do a splendid business here as it is certainly deserving of success, for they give a really fine programme for the money. This company has lately appeared in Elgin, Rockford and Beloit and the press of these cities speak in the highest terms of the performances. The management of the company announces that any person dissatisfied with the entertainment can have double the price of the ticket purchased by applying at the box office. "The Smugglers" with a world of special scenery and mechanical effects will be given on the opening night.

Drawing Jurors.

Notice is hereby given that on Thursday, March 15, 1894, at 2 o'clock p. m., at the office of the clerk of the circuit court for Rock county, Wisconsin, at the court house, in the city of Janesville, said county, the petit jurors to serve at the April term 1894, of the circuit court for said county will be drawn according to law. E. D. MCGOWAN, Clerk. Dated, March 1, 1894.

For eight years I have suffered from catarrh, which affected my eyes and hearing; have employed many physicians without relief. I am now on my second bottle of Ely's Cream Balm, and feel confident of a complete cure.—Mary C. Thompson, Cerro Gordo, Ill.

GOT HER DIVORCE AND LAND AS WELL.

MRS. MARTHA E. PALMERTON WINS HER SUIT.

When Her Husband Turned Her Out Doors That Capped the Climax—Court Gave Her Attorneys' Fees and a Lot on Glenn Street, This City.

Mrs. Martha E. Palmerton will be known hereafter as Martha E. Heild, the change of name being included in the judgment of divorce granted her by Judge Bennett. Her ground of complaint against her husband was that of "cruel and inhuman treatment," and the testimony showed that she and her husband, William Palmerton never lived happily together that William had frequently ordered her to leave the house and never return, and that a climax was reached when he put her out of doors in the cold and forbade her return. Martha then sought and obtained redress and separation. The court ordered that a city lot on Glenn street in the Second ward be deeded her by the defendant, besides the payment of \$50 as attorney's fees. She was also given possession of personal property she had at the time of marriage.

GLEE CLUB TO SING HERE.

CLIPPINGS FOR THE CABINET.

Newspaper Scrapbooks Kept for Members of the Administration.

The keeping of scrapbooks is one of the most interesting employments among government officials of the present administration. As a rule, clippings of a highly complimentary nature are more apt to reach the cabinet officers than defamatory articles. The private secretary or other subordinate doesn't care, to give his chief a bad taste in the mouth by turning over to him articles calling him a prince of scamps, and so the chief often dwells in gardens of blissful ignorance. The greatest enemies of the vanity of public officials are those persons who have been turned down by them or who are in the list of their political enemies. The average cabinet officer as well as the members of congress can depend on these persons to send them a sufficient lot of literature devoted to propagating stories of their meanness. Companies that deal in clippings are resorted to at times for all stories about them by prominent men. These companies, for a trifling fee, furnish all articles appearing in the papers throughout the country containing references to their clients, and for one who wishes to be comprehensive in his collection and to save himself work it is the very best method. One of the greatest collections of clippings is made for the president. Mr. Montgomery, one of the clerks of the White house, has for several administrations prepared scrapbooks of the comments and news articles of the leading newspapers of the country. These he arranges according to the subject. When President Cleveland was previously in the White house there were accumulated about thirty books of clippings for him. When he again leaves, there will be as many more volumes ready for him to take along.

IN COUPLES AND SQUADS.

How Strangers Pour Into the National Capital From Everywhere.

The national capital is the Mecca of sight-seers and they flock in hundreds to the city at all times of the year. They come singly, in couples and squads of from a dozen to a hundred. They are from all sections of the country and represent all classes of society. The spoony newly married couple, the well-to-do farmer who has harvested his crops and is enjoying the fruits of his summer's labor, and excursionists from all parts of the country journey to Washington with the convening of each congress. They take in the old historical houses, government buildings and monuments and visit the home of Washington and the Arlington cemetery. But by far the most interesting object to them is the capitol building. Here they devote the most of their time and attention and roam at will through the rotunda, statuary hall and into the galleries of the house and senate. Their chief delight, however, is to go upon the floor of the senate and sit in the seats that were once occupied by the illustrious Clay, Webster, Benton and other renowned orators long since numbered among the great majority, and to recline for a moment of bliss in the vice president's chair. A majority of these visitors seem possessed with a mania for collecting souvenirs and are ever on the lookout for something to carry away as a memento. Not an object that is portable escapes their deprecating hands; they clip tassels from the costly damask portieres; chip bits of marble from the walls and pillars; take knobs from doors, and one fiend a short time ago had the audacity to cut a piece as large as the crown of a hat from the center of the \$1,200 Smyrna rug that covers the floor of the marble room of the senate.

AGNES HERNDON IS COMING.

The Great Heroic Actress Will Present "A Woman's Revenge; or La Belle Marie"

Agnes Herndon will appear in "A Woman's Revenge; or La Belle Marie" at Myers Opera House, Tuesday evening, March 20. The play is new to Janesville but it is said to be of great power. Miss Herndon is a well known figure on the American stage, gifted with remarkable versatility. A warm welcome should be given her and her capable company.

The New York Herald, says: "The story is that of an innocent, blushing girl, who, thrown off by her lover, assumes the role of an avenging nemesis in the shape of a French woman, and lures her betrayer to destruction—as she rightfully terms it. The plays holds the attention of the audience to the end, and gives an opportunity to Miss Herndon to exploit her great dramatic talents. Miss Herndon as Jean Ingleside, the trusting young girl with blonde locks, is charmingly simple and girlish, and as the laughing, mocking, beautiful, scornful, bewitching, dashing La Belle Marie in raven tresses and a French dialect, she is simply superb. There was no gesture pose or movement made which had not a meaning and a corresponding force. She was all grace, and every turn of her magnificent figure was intended to convey a thought. She was thoroughly artistic in this regard, so much so that the auditor was lost in amazement at the subtlety, finesse and delicacy of all she did. Her impersonation is dainty and strongly amusing. The play is novel, refreshing and enjoyable."

Those Balloon Sleeves.

Women are angels—the poets have said it. Over and over and over again; Fashion's in league with them—much to her credit—

So insist all but the horrible men.

Look at a fashion plate, all ye who doubt it;

Gaze at the sleeves which are growing immense;

Then think of fashion, and murmur about it;

Look at its future, and cry out, "Oh, whence?"

Half of the gas that is said to deride them—

These mammoth sleeves that to fashion are loons.

If 'twere instead merely prisoned inside them

Wouldn't they make most exquisite balloons?

Then, when the women who wore them came ambling

Fairly like round us, before our dazed eyes,

We could imagine that angels were rambling

Far from their domiciles up in the skies.

Life or Death?

It is of vital importance that it should be understood by persons whose kidneys are inactive that this condition of things is finally the result of a state of the organs where life hangs in the balance. Bright's disease, diabetes, albuminuria, all are diseases of a very obstinate character in their mature stage, and all have a fatal tendency. They often baffle the most practiced medical skill, and the most approved remedies of materia medica. But opposed at the outset—that is to say, when the kidneys begin to discharge their function inactively, with Hoelter's Stomach Bitters, the dangerous tendency is checked. Very useful, also, is this household medicine for those ailments of common occurrence, constipation, biliousness, dyspepsia and nervousness. It is a safeguard against malaria and averts chronic rheumatism.

Gentlemen:

A profitable inducement to you.

Would you invest one dollar if you were certain to receive two dollars in return?

Will not mix words about our offers, we need room for our spring stock, which is now arriving, several cases are here now. We're unable to make room unless we dispose of the bulk of our heavy weight stock. There's only one way to do this quickly and that is we've to give our stock of winter woollens away, without profit; we'll make them up with our usual good care at the actual cost of materials and workmanship. If you do not want any winter woollens, inspect our new stock of spring goods, equally as cheap.

We'll keep our tailors busy at any cost. Hardly any need quoting prices, you must see the goods to appreciate them.

Is it necessary to urge you to be prompt in your selection? The best styles always go first. "The early bird, &c."

A novel system of fire alarm signals by rocket bombs has been established in the suburban districts of San Francisco to enable the remote engine-houses quickly to summon assistance from the city forces in case of great emergency. A bomb something like a rocket, is thrown 300 feet straight upward from a mortar, where it bursts, making a brilliant white light and a very loud explosion. At the trials of the system a short time ago, all San Francisco was excited and alarmed fearing dynamiters were at work.

HIGH EXPLOSIVES FOR MUR-

The Engines of Death Recently Sent to
the Emperor of Germany and His
Chancellor—Would Kill Hundreds—A
Narrow Escape.

SOME WEEKS AGO two infernal machines, of exactly the same design, were sent to the emperor of Germany and Chancellor von Caprivi. They had been mailed from a town in France at the same time and were addressed in the same handwriting. The machine that reached the chancellor's residence was accompanied by a note. The writer was evidently aware that gardening and horticulture generally were the diversions of Caprivi's leisure hours. He said the accompanying box contained a new and very fine variety of radish seed. The letter gave some particulars about the vegetable and spoke of the rapidity with which it came to maturity.

The French police were unable to find the sender of the box. There was no such street as that from which he dated his letter.

A serious accident was averted only by the happiest chance. The chancellor's private secretary began to open the box when he observed, as he pried at the lid, that grains of something

LONGITUDINAL SECTION.

that looked very much like gunpowder, were falling to the floor. He suspended operations at once. The box that was sent to the emperor awakened suspicion immediately and no attempt was made to open it until it was placed in the hands of experts. The newspapers, probably by orders from the palace, attempted to belittle the affair, and some of them asserted that the boxes were merely of the nature of a practical joke and that their contents wouldn't hurt a mosquito. As a matter of fact they were infernal machines of an ingenious and deadly character, as will be seen by this illustration and description.

The boxes were neatly made of wood and were small, being only about five inches in length. This picture shows a longitudinal section. Under the closed box lid were two stout rubber bands (A) stretched to a tension and connecting a needle (D) with a nipple and cap (E). The needle was kept in place by a button (B). Scattered over a thin partition on which the needle rested was loose gunpowder, which also filled the space below (G G G). This partition was broken by an aperture (I) filled with gunpowder, and below it was a cartridge (F) "filled with an explosive of high power." The exact nature of this explosive has not been revealed. Gunpowder filled the space between the cartridge and one side of the box and paper (H) was stuffed into the other side to keep the cartridge in place.

The idea was that the button (B) would be raised by the lifting of the box lid, releasing the needle, which would be violently pulled against the cap by the contraction of the rubber bands. The explosion of the loose gunpowder and the cartridge would follow.

PRETTY AND CHARMING.

Lady Langford, the Beautiful Daughter of Richard Sutton.

Of the many pretty and charming women whom the lovely Marchioness of Londonderry managed to gather around her at Dublin during the term of office of her husband as Lord Lieutenant of Ireland, one of the fairest and most popular was certainly Lady Langford. She is better known perhaps by her name of Georgie Sutton, daughter of that grand old sportsman, Sir Richard Sutton, who was for so many years master of the Quorn Hounds, and the owner of some celebrated racehorses, one of which, Lord Lyon, won him the Derby in the sixties. LADY LANGFORD.

Miss Sutton, who was one of twelve children, married in 1889 Lord Langford, who from 1886 till 1892 occupied the post of state steward to the viceroy of Ireland. He is a man some ten or fifteen years older than his wife, and the chief of a family which has been settled in Ireland since the time of King James the First. His mother, a well-known Irish beauty in her day, met her death in a singularly tragical manner by drowning, and it may be of interest to state that, according to popular report, two of the brothers of Lady Langford have likewise met with a violent death—it is rumored by suicide. Her second brother, Mr. Alec Sutton, died only a few months ago, his demise having occurred under circumstances still shrouded in mystery, on board the yacht Creole in Coves harbor. The eldest brother, Sir Richard Sutton, was a famous sportsman, and as such well known on this side the Atlantic having brought a boat across to race for the America cup. The present Sir Richard Sutton is his son, who was

born fully three months after the sudden and mysterious death of his father.

Foot it over hill and dale, 'til you are weary and foot-sore, and you cannot find such bargains as we offer in building sites, Homesites, for on these and the prices of the same and terms, too, we always did "see the mark." For some reason we are this spring getting into the goods, the prices and the terms with both feet. And so, with Hamlet we soliloquize: "The wonder grows", why people are not "up in arms" when the prices we quote are looked into. You can get a home, if you wish, so long as we are in the business; hard times don't count. If you are not earning so much money as you did last year, we will meet you; it don't matter.

Homesites and Homes are our *fad*; to help people get 'em is what we are on earth for, *this time*.

The main secret, we suppose, why we always get the major part of the real estate trade going, is that we own a *large* part of the property that we offer. Another part of the secret is, we deal *every time* so that our customer sends to us his or her friend when they want to deal.

Our beginnings here were not large, but so true it is that "Great oaks from little acorns grow," that the "birds of the air" have their homes,—build their nests,—in the result of our grain of mustard seed. Come over and roost with us. Yours very truly,

GEO. L. & SARAH H. CARRINGTON.

NOT A YEAR TO BRAG OF.

A year ago Mr. Cleveland settled down to his duties as president.

What have he and his congress done for the country?

Business interests have suffered in a degree not before experienced since the war.

A condition of general depression has ensued in all branches of business and all forms of industry.

The list of commercial failures has exceeded all precedent.

The sources of employment have been largely reduced.

The number of idle workmen and destitute families has been increasing to an extent that has taxed the resources of charity to the utmost.

There is no class that has escaped misfortune. The better times that were promised as the result of a change of administration have not come; but the good times that previously existed have disappeared.

Monthly deficits in the national revenues have been the regular order, and bonds to the amount of \$50,000,000 have been sold to replenish an almost bankrupt treasury. Not a single thing can be cited that has served to benefit the people in any respect. It is from first to last a story of evil disturbances and multiplied disasters. Such another year has not been known in a time of peace except by those whose recollection goes back to the days of Buchanan.

PARTY LINES AND THE A. P. A.

Editor Ingersoll of the Beloit Free Press thus refers to a recent development in the state campaign:

"The persistent efforts of certain democratic editors and others to make it appear that the 'A. P. A.' is a part and parcel of the republican party organization is cut from the same piece of cloth they used when they were as equally persistent in demonstrating that the prohibition was a part of and controlled the action of the republican organization. They lied in the first instance, and they lied in the present one, for in both cases the organizations are outside of and distinct from the republican and democratic party organizations. They are independent of either and their memberships are recruited from both the old parties, and they will act with or against either according as their managers may think the most advantageous to the accomplishment of their desired ends. The object of neither is within the domain of regular politics as comprised in the declaration 'that all men are equal; that they are endowed by their Creator with certain unalienable rights; that among these are life, liberty and the pursuit of happiness.' The A. P. A. is neither a republican or a democratic organization. It is a distinct, independent organization, embracing in its membership persons of all political faiths and having for its abhorrence a tenet not embodied in any political platform or creed."

IS HAPPIEST WHEN AWAY

The further he gets from home the more hopeful Boss Wall becomes. Safely hidden in Washington he announces that Wisconsin is solidly democratic. Let him journey a month or two more. We then may expect to hear from Tasmania of Tibet that there never was a roster scandal; that Hurley workmen do not suffer for bread while congress tinkers with the iron tariff; that democratic doubt has not knocked the tobacco market into a cocked hat, and made farmers sell their wool for even cents a pound when they once go; twenty-two keep on to the east, Boss Wall, and my your faith increase as the distance grows greater. You are the only happy man in the Wisconsin

democracy today and we suspect that a fair share of your rejoicing is because you don't expect to have the guardianship of the party in another campaign.

Janesville people haven't heard much from the Recorder this year about "the deplorable condition of the city streets." Confronted by Alderman Smith's order of a few weeks ago that the street commissioner do no more work on the streets except by order of the council, the democrats are not complaining as much as is usual before election.

Republicans in Northern Wisconsin have several candidates of their own but they recognize the strength that would come from the name of A. P. Lovejoy at the head of the state ticket.

George Wisewell is suggested for chairman of the republican state central committee. Chairman Thom has done good work, however, and will hardly be disturbed.

The energetic efforts of leading democrats to prevent their names from being mentioned for places on the state ticket this year are inspiring.

SOME WELL KNOWN FACES.

Jay Cooke's Closing Years.

The great financier, Jay Cooke, who raised \$2,500,000,000 for the United States government during the trying times of the rebellion, lives at Ogontz, a 200 acre estate in the outskirts of Philadelphia. He has a mansion there that cost \$500,000 and possesses real estate in other cities, railroad property in Texas and a controlling interest in the St. Louis River Water Power company. But he thinks more of his four children and 16 grand-

JAY COOKE.

children than he does of all his goods and chattels. He is never quite so happy as when he is walking, talking and playing with them. He has practically retired from active business, but he passes two hours every day except Sunday in his Philadelphia office, and the remainder of his time is passed at home playing billiards or muggins, reading or romping with his grandchildren. He owns Gibraltar island, on Lake Erie, and passes the summer there. His favorite sport is fishing.

A Naval Apogee.

Vice-Admiral Lefevre, French minister of marine, estimates that by about 1905 the type of ironclad now being constructed by the nations of the world will have reached its apogee, naval armaments along present lines will be completed, and the nations will have armed, for the sea, up to the limit. The naval budgets will, he thinks, attain their maximum by that time and will then diminish for some time. This is figuring along present lines. A complete revolution, like that of the introduction of steam, would be needed to upset the calculation.

Statuary in New York Parks.

Nearly a million dollars is said to have been expended in statuary in the public parks and squares of New York. With very few exceptions, however, these works have been condemned by persons of judgment as remarkably poor examples of the sculptor's art. There is a bill now before the New York legislature to appropriate \$25,000 for a statue of Baron Steuben of Prussia, who rendered such distinguished service in the revolutionary war.

No Color Line at Harvard.

Harvard University recently received by the will of Mrs. Harriet Hayden the sum of \$5,000 to found a scholarship for colored students. There are now a number of colored students from various parts of the country not only in the college, but also in the professional schools. The best known among them is a clever law student, W. H. Lewis of Virginia, who for two years has been center rush on the university football team.

Mining in Africa.

The pegging out of mining claims is going on vigorously in Matabeleland, in the region from which the native owners were driven at the muzzles of the Maxim guns but a few weeks ago, and the process of transformation from savage barbarism to frontier civilization is proceeding at a remarkable pace.

Brick.

The manufacture of brick from blast furnace slag has recently been commenced in Germany. One set of furnaces alone turned out over 5,000,000 bricks last year. The bricks are weak at first and have to be handled carefully, but they become sufficiently strong for building purposes after the lapse of six months.

An Old Soldier Kicked to Death. KANSAS CITY, Mo., March 6.—A post-mortem examination of the remains of Joseph Funk, an old soldier who died

in the police ambulance yesterday while being conveyed to the police station, revealed that the man had been kicked to death by a tough named Lee Roy. It was at first thought he had died of alcoholism.

SANTA FE RECEIVERS WIN.

Judge Caldwell Refuses to Set Apart the St. Louis & San Francisco. St. Louis, March 6.—Judge Caldwell of the United States Circuit court has handed down a decision denying the petition of the United States Trust company for permission to sue the St. Louis & San Francisco railroad in the state courts and to have the reappointed receivers distinct from those of the Santa Fe.

Zimmerman to Become a Professional.

NEW YORK, March 6.—Arthur Zimmerman, the American champion cyclist, said yesterday: "It is quite possible that I will race professionally within a few weeks. In that event I will accept Johnson's challenge and race any distance and on any track he names. I will make one stipulation, however, and that is that Johnson will have to bet \$10,000 on the result of our meeting. Johnson, however, says he will not race for money."

Funeral of Gen. Early.

LYNCHBURG, Va., March 6.—The funeral of Gen. Jubal Anderson Early took place at 3:30 o'clock yesterday afternoon. The procession was an imposing one and was witnessed by thousands of people who lined the thoroughfares along the entire route. Hundreds of veterans, who served under the dead general during the war, were present from all sections of the state and marched on foot in the procession.

A Perfect Cure

Mr. Joel H. Austin is a man very highly esteemed by all who know him. He is now pension attorney at Goshen, Ind., and was for 20 years a Baptist missionary minister. He says: "I suffered years with swelling of my limbs, at times very painful, especially at night. I could not sleep. I have taken six bottles of Hood's Sarsaparilla, and for weeks there has not been any swelling of my feet and limbs. I have also suffered for years with catarrh in the head, which was working down into my

REV. FATHER CLARK, Sec'y to the Rt. Rev. Bishop of Columbus, Ohio, writes:

"Gentlemen:—I cannot say enough for your Powder. It has cured me of an aggravated attack of catarrh when nothing else could help me. Am delighted with it. All my friends to whom I administered samples are quite enthusiastic over it. The good sisters speak most encouragingly of their use of it in the Hospital under their care. I will do anything to speak a good word for the remedy to help others who are suffering."

M. E. FERGUSON, Custodian U. S. Appraiser's Stores, Chicago, writes:

"Gentlemen:—Being almost entirely deaf for a number of years past and getting no relief from many so-called cures which I tried, was induced by a friend to try Dr. Birney's Catarrh Powder for my deafness. Have recovered my hearing entirely, so that I can now hear a watch tick plainly, it being held 15 inches from my ear. I look upon it as a positive cure for deafness and have recommended its use to many of my friends and can say I have never heard of a case where it has failed to relieve."

COURT FULL OF HENS AFTER THE RAID.

JUDGE PHELPS' ROOM TURNED INTO A HENNERY.

Police Make an Early Morning Visit to George Bencke's Place and Get a Lot of Poultry—John Decker Says It Was Borrowed From Him Late at Night.

Judge Phelps' court room looked like a henry this morning, light brahmas and mongrel Spanish breeds predominating. The fowls were under guard of Officers Acheson and Hogan.

The poultry was found in the possession of George Bencke on Liberty street. It had been stolen from J. A. Decker Friday night, twenty-five choice birds being taken from his henry that night. Suspecting that Bencke was the chicken thief, Decker secured a search warrant and placed it in the hands of the chief of police, who with Officer Hogan went out to Bencke's home this morning, found the chickens, took possession of them, arrested Bencke, and with the prisoner, dumped their find in the municipal court room.

Bencke confessed his guilt to Chief Acheson and Officer Hogan when the poultry was being placed in coops this morning. "That chicken does not belong to Decker," he said when Acheson caught up a handsome game. "You have got two others in that coop that do not belong to Decker."

A number of similar breaks were made while the officers were picking out the Decker poultry in Bencke's well stocked poultry house.

In court just before noon Bencke pleaded not guilty to the charge of stealing the birds.

This is the silver thank-offering day. Members are to put offerings in envelopes, upon which texts of scripture are written and bring them to the meeting. Cars run past the door, 207 Washington street, First ward.

DUCKS ARE FLYING AND SPORT IS GOOD.

SPORTSMEN ARE HAVING FUN WITH THE BIRDS.

Eight Blackheads Killed at Bingham's Place on Lake Koshkonong—Wild Geese Are in the Air—All But Mallard, Teal and Wood Duck Can be Shot Until May 1.

Wild geese are beginning to fly and Janesville hunters have also received the cheering word that there are ducks at Lake Koshkonong. Eight blackheads were killed at Bingham's the other day. The ice is open at a good many points and the birds congregate in large flocks and prove an easy mark for sportsmen.

All wild ducks with the exception of mallard, teal and wood-duck may be killed up to the first day of May, after which it is unlawful to shoot ducks of any variety until the first day of September. The penalty for the violation of this law is a fine of not less than \$50 and not exceeding \$75, or by imprisonment in the county jail of not less than sixty days and not exceeding three months, or by both fine and imprisonment and costs of prosecution.

Several hunters were out yesterday and some of them had good luck. Canvas-backs, among the first birds to migrate, predominate, and a number of them fell victims to the sportsmen's skill.

HIS NOSE STOPPED THE MISSILE

Michael Birmingham's Face Spattered With Blood This Morning.

Michael Birmingham had his face nearly pushed in by a stick of timber that flew back from a buzz saw in the Green & Inman planing mill today. The jagged end of the stick was driven squarely into the bridge of his nose leaving an ugly cut. Dr. Mills dressed the wound and Birmingham was again at work this afternoon.

CHIT-CHAT.

Mr. Bull—What would you do if you thought the world was coming to an end to-morrow? Mr. Bear—Sell.

Johnnie—Pa, does a man have to take an oath when he goes into office? Pa—He takes several if he doesn't.

"Hello, Junkins! Where have you been for the last month?" "Been at a big New York institute g-g-g-getting cured of st-st-stuttering."

"I wonder how it was first discovered that fish was a brain food?" She—Probably by the wonderful stories that men tell who go fishing.

"Yes, he's a good man; but I saw him stoop to a very small thing at the church social." "What was that?" "Fish an oyster out of his soup."

Mother—Our darling little Ike wants you to buy him an accordion. Father—Vot's the matter wid puttin' de cat in dot Chinese lantern for Ike?

"I thought you said Lazabonze wouldn't work." "He won't." "I think you're mistaken. He's working the relief bureau for all they are worth."

Philanthropist—You say you are keeping a lookout for work? Then why can't you get work? Weary Willium—That's not what I'm keeping the look-out for.

Teacher—What are we taught by the story of the loaves and fishes? Johnnie, whose mother keeps boarders—That there's some boarders don't want pie three times a day.

Slowpay—The idea of that fellow bragging about his ancestors! Why, his grandmother was my washerwoman for years. Miss H.—Well, it seems she must have been a benevolent old person, at any rate.

"Will he take algebra?" asked the principal of a private school of a mother who wished to enter her son. "No, indeed," was the reply. "He's perfectly honest. He'll take nothing that doesn't belong to him."

"Dear me!" exclaimed the high school girl. "What's the matter?" asked her mother. "I'm writing an essay on 'old-fashioned weather prophets' and I don't know whether the plural of 'goose bone' is 'goose bones' or 'geese bones.'"

"Did you hear about Dollie Footlites cowering that reporter?" "Yes. What was the trouble?" She objected to the order in which he constructed his sentences. He wrote that she was accompanied on her tour by a maid, a parrot, two pug dogs and a husband! Miss Scarborough, fair Englishwoman—Were you born in America, Miss Brown-Jones? Miss Brown-Jones, fair American, personally conducted—Oh, yes, I've been in England only a fortnight to-day. Miss Scarborough—And you speak our language like a native. How very clever you Americans are!

IN AND OUT OF THE BOWER CITY

The eighth page will explain my position. Rosenfeld.

ROSENFELD will remain open until 10 o'clock tomorrow night.

Boys suits for \$3.50 to close out, only four days at Rosenfeld's.

A FINE suit or overcoat can now be bought at Rosenfeld's for \$6.85.

At Clinton three young men burned off the mustache of a drunken man from Beloit. Arrests are threatened.

WORKING men, take notice that Saturday will be the last day of Rosenfeld's great clothing sale. You can now get a handsome suit for \$9.95.

"ONE horse took me to Fulton but I was glad enough to get back with two," said Myron F. Greene after a twelve hours' struggle through country mud.

CHAT ABOUT JANESVILLE FOLK

Death of Perry Fisher

Perry Fisher, an old and highly respected citizen of the town of Plymouth, died after a painful illness at his home at 1 o'clock Tuesday morning. Mr. Fisher was born July 5, 1817 at Wilkes Barre, Pa. He came to the state of Wisconsin in 1854 and settled in the town of Plymouth, where he has since lived. He leaves a widow and one daughter, the wife of E. Tracy Brown of this city to mourn the loss of a kind and generous husband and father.

Flies On The Rock County Flag.

Rock county's silk flag, returned from the World's fair, is hung up in the county clerk's office at the court house. It being at best perishable property, it ought to be placed in some covering case where it might be longer preserved. It cannot withstand the dust and fly specks of many seasons in its present place.

Colonel Smith's New Lecture.

Colonel Nicholas Smith has prepared a lecture on "The Songs of the Civil War" and will deliver it in many Wisconsin cities, a well known Milwaukee baritone rendering the stirring songs which form the theme of discourse. Hosts of Janesville people would welcome an opportunity to enjoy such an entertainment.

Flag Stolen From a City School.

The Lincoln school flag has been lost or stolen, says Superintendent Mayne. The last time it was seen or used was on commencement day, last June, when it was in the opera house. The flag was a handsome one, presented to the school by Washington Camp of the Patriotic Order Sons of America.

Roads Are Hub Deep In Mud.

The country roads are now in very bad condition. "I started to drive out in the country a few miles," said Chief Acheson, "and went out a short distance when the wheels of the tuggy cut right down almost to the hub and great chunks of mud were clinging to the spokes. I had to give up."

Too Much Rain For the Board

The rain storm of last night prevented the members of the schools' sembler in regular monthly meeting. The janitor and superintendent of schools were the only ones to appear at the meeting room. A special meeting has been called for tomorrow evening.

Knights of Pythias Have Visitors

Several from Brodhead and one or two from Milwaukee attended the session of Oriental Lodge No. 22, Knights of Pythias last night. There was work in the second degree and at the close Shurtleff served a supper at his West Milwaukee street place.

Antlered Stars May Shine Here.

Janesville may have an opportunity to enjoy the entertainment given by Racine Elks. The minstrel show given by those talented people was a howling success and there has been talk of repeating it in this city and in Kenosha.

Splendid Baby Cabs.

With ball bearing wheels, safety breaks, removable cushions, and the best German reed bodies, a large invoice just received. Prices to suit you. Call and see them at Sutherland's book store.

Stearns Would be a Winner.

Henry C. Stearns is being boomed in a lively manner for the first ward aldermanship by the republicans, and he is spoken of as a winner by everybody in the ward who discusses the political situation.

Farmers, Attention!

I am prepared to sell you first class Rock county clover and timothy seed, all reclaimed with a Clipper seed mill and at the lowest cash prices.

WALTER HELMS, 31 S. Main St.

Half An Inch Makes Lots of Fuss.

According to measurements of S. C. Burnham, the local weather clerk, the rainfall of yesterday afternoon and last night amounted to one half inch of water.

C. S. Jackman the Committee Chairman.

C. S. Jackman is the chairman of the republican city committee. His name was accidentally omitted from the list published last evening.

PITH AND POINT.

Despair—Hope gone astray. Moral beauty is the basis of all true beauty.

Children have more need of models than of critics.

Wherever the speech is corrupted so also is the mind.

Custom may lead into many errors but it justifies none.

Virtue is the beauty, and vice the deformity, of the soul.

A talent is perfected in solitude; a character in the streams of the world.

Age has deformities enough of its own; do not add the deformity of vice.

Such as thy words are, such will thy affections be; such thy deeds as thy affections; such thy life as thy deeds.

The best of men who ever wore earth about him was a meek, patient, humble, tranquil spirit; the first true gentleman that ever breathed.

Only as each man or each woman performs his or her personal duty in any department of life can that department be lifted to a higher plane.

JOHN BENTLEY DEAD AND MANY MOURN.

O. F. NOWLAN'S FORMER PARTNER PASSES AWAY.

End Comes After Brief Illness—Pneumonia Was the Fatal Malady—Milwaukee Knew Him as One of Its Pioneers and an Upright Citizen.

John Bentley, who died in Milwaukee last night of pneumonia, was formerly a partner of O. F. Nowlan. He was one of the pioneers of Milwaukee. Born March 22, 1831, at Newton, Wales, he came to America when sixteen years old, and reached Milwaukee in 1848. He worked at first as a carpenter, but soon after became a contractor and erected a number of large buildings, as well as the northern wing of the capital in Madison. As a life-long democrat he took an active part in politics. He served in the assembly, in the county board, in the common council and in the school board. In 1884 he was elected sheriff and in 1886 he retired from the active pursuits of life.

BRIEF AND VARIED.

London contains one-eighth of Great Britain's population. Crime has more than doubled in Argentina in two years.

Pythons and several species of boas have real legs and feet.

Beheaded turtles can find their way back to their watery home.

Sharks, one of the largest fish, are sometimes thirty-five feet long.

The first stars and stripes were made up in a flag by Betsy Ross in Philadelphia.

Russia's standing army, which comprises 800,000 men, is the largest in Europe.

Gathering wild fowls' eggs has long been a sport for boys living near the Atlantic coast of Maryland.

It is admitted by most divers that twenty-five feet is about the limit at which they can see under water.

In a Portland, Maine, warehouse is stored 352 tons of codfish, all brought from Nova Scotia and Newfoundland.

Isaac McGay, tea inspector at the United States appraiser's stores in New York, has this season rejected 23,000 packages.

Joseph Muir of Fairmount, Somerset county, Maryland, recently shipped to Ambassador Bayard in London a quantity of terrapin.

The moon is not so small after all. Its surface is fully as great as that of Africa and Australia combined, which would make it only about thirteen and a half times smaller than our earth.

Katherine Germaine, the opera singer who was dismissed from the "Rainmaker of Syria" cast because its manager said she was "formed like a barrel," has been awarded \$2,000 damages by a Syracuse, N. Y. jury. That's a pretty handsome figure.

Although alligators are less plentiful than they once were, the price of the skins is lower, rather than higher than it was some years ago. Skins of other reptiles have become more fashionable for many purposes that the alligator skin once served.

A Massachusetts court has been called upon to decide whether a housekeeper is a servant girl. The case was caused by the refusal of an elevator man in Boston to allow the housekeeper in a flat to ride and so the man of the flat threw up the case.

Utah has written the record of her mineral resources all over her territory in geographical names. There are towns, cities, post villages and railway stations named Ironton, Bullion City, Bullionville, Diamond, Agate, Emery, Graniteville, Coal Mine, Asphalt, Argentina, Antimony and doubtless many more.

The most widely separated points between which a telegram can be sent are British Columbia and New Zealand. The telegram would cross North America, Newfoundland, the Atlantic, England, Germany, Russia (European and Asiatic), China, Japan, Java and Australia. It would make nearly a circuit of the globe and would traverse over 20,000 miles in doing so.

SOME WHAT HUMOROUS

A Hint.

"Mr. Freshent," mused Miss Remsen, as she glanced at the cathedral clock as it chimed the hour of twelve, "do you know that just now you remind me of a dead tree?"

"Oh, Miss Remsen, you are too cruel! How can I remind you of a dead tree?" "Because, Mr. Freshent," rising as she spoke, "because your time of leaving is past." And, laughing gayly at her witticism, the merry girl vanished into the hall.—Brooklyn Life.

Begging Off.

Grandpa—What! Don't like fat? If you don't eat fat you will grow up as thin as a rail.

Little Grandson—When I grow up I want to earn lots of money, so as to take care of papa and mamma and you and grandpa.

"Grandpa's own grandson, so he is! But what has that to do with fat?" "I can get an awful big salary as a living skeleton, you know, grandpa."—Good News.

A Plain Case.

"I don't think I can see to shave without a light," said Mr. McHarlem to his better half the other morning. He was going away on the morning train.

"Oh, dear," his amiable spouse replied, "I should think your face was plain enough to be seen anywhere."—Alex. Sweet, in Texas Sittings.

INJURED INNOCENCE.

Honest Johnson—Go 'way dah, now! Doan' yo' bin a-foll'n me off; den people 'll say I stole yo'."—Judge.

A Discovery.

"I don't see what west is, anyhow," said Bob, with a puzzled expression on his face.

"Why not?" asked his teacher. "You say the earth is round," said Bob.

"Yes," said his teacher. "Well, if you go far enough west, east's west," said Bob. "And if east's west sometimes, why isn't west east sometimes?"—Harper's Young People.

An Admiring Wife.

"Whom do you consider the greatest inventor of the times?" asked one woman.

"My husband," she replied, proudly. "Why, I didn't know he ever invented anything."

"You should hear the excuses he gives for coming home at two o'clock in the morning."—Washington Star.

Lively Suspicions.

"What made you cry 'Police!' when that young man asked you the time of day?" asked the guard at the railway station.

"Why, you see," replied the traveling man, "I'm absent-minded, and I forgot for a minute that I wasn't in Chicago."—Washington Star.

Hard to Distinguish.

Auntie—Well, did Uncle George tell you an interesting story?

Little Niece (from Boston)—Yes, auntie, it was full of delightful wonders; but some visitors called, and I hadn't time to inquire whether it was a fairy tale or a theological hypothesis.—Good News.

She Knew Better.

Mrs. Watts—I saw in the paper the other day that it is impossible for a man to kick with full force when there is nothing to kick at.

Mrs. Potts—I'll bet no married woman wrote that.—Indianapolis Journal.

The Advertising

Of Hood's Sarsaparilla is always within the bounds of reason because it is true; it always appeals to the sober common sense of thinking people because it is true; and it is always fully substantiated by endorsements which, in the financial world would be accepted without a moment's hesitation.

A Contractor's Advice.

Dullam's German Medicine Co.—Gentlemen I take great pleasure in testifying in behalf of Dullam's German Blood, Liver, Stomach and Kidney Cure. I can safely say that I never took such medicine as that to cleanse the stomach and kidneys. I was suffering for years with biliousness, indigestion and loss of appetite and sleep. One bottle did for me more good than six months' other treatment, and I feel it my duty to testify in its behalf, so others may try it and get cured.

Unheard of in these Days of Bankrupt Stocks.

There is not a bankrupt stock in the country being sold as cheap as we are selling our good clothing. Why not buy new goods? They cost no more.

FOUR—DAYS MORE—FOUR

INCLUDING WEDNESDAY AND SATURDAY NIGHTS.

On the Bridge.
